阅读小题

阅读下面短文并回答问题。

Vocabulary learning is not only memorizing meanings. Students need to use words in sentences. They should discover the part of speech and common collocations. If they practice every day, their output will increase and their mistakes will decrease. This is especially useful for writing.

11. What is vocabulary learning not only about?
12. What should students discover?
13. What will happen if they practice every day?
14. Translate the last sentence.

写作

15. 写 80 词短文 : How I Improve My Vocabulary Output。必须使用 increase、decrease、discover、depend on、especially。
